RE: Site Visit of the Sno-Ben #4 & #5 Mining Operation, Uintah County, Utah
5/047/048

On August 16, 1990, myself and Holland Shepherd of DOGM and Richard Wilson of the BLM visited the Sno-Ben #4 & #5 Mine site. No one else was at the site. This operation is in the general vicinity and downstream of the Sno-Ben #2 site.

This mine operation was not permitted with DOGM, and is now under a Notice of Noncompliance with the BLM. The current operator, Leo Snow, has recently been in the BLM offices and verbally agreed to reclaim the site in the fall of 1990. The site covers approximately 2 acres and consists of several gravel piles and roads. There is some additional disturbance near the site which was in existence before this operation.
